Carnival under the stars!

We will spend the afternoon among the famous rolling hills of the **Val d'Orcia**. You will have the chance to visit **Montepulciano**, famous for its Nobile wine and for the beauty of its medieval centre. Then we will move to **Pienza** to enjoy an incredible view over the valley.

Later on the evening will be completely dedicated to the **Carnival** (one of the oldest in Italy!). Amazing allegorical floats will parade along the narrow alleys of **Foiano della Chiana**. A show not-to-be missed in the magic atmosphere of a summer night!

The "Palio dei Rioni"

This tour will start with a visit of the amazing town of **Cortona**. Walking through its alleys you will be enchanted by the ancient buildings and the special atmosphere of the town. Then we will move to **Castiglion Fiorentino** to enjoy a traditional event that carries out every year during this period. A big medieval parade will fill the historical centre and at the end you will enjoy the Palio, a horse race not so different from the most famous in Siena.
